"Discovering" by Jacqueline Keto

Have you discovered as you grew the importance of your friends? Have you discovered trusting is t the bond of every relationship? Have you discovered that as time goes on you must rang on goes on you must frame to those memories that seem important?

Have you discovered hat in order for things to glow, even love, they must have space?

Have you discovered that life and death are mysteries, and wouldn't believe in order.

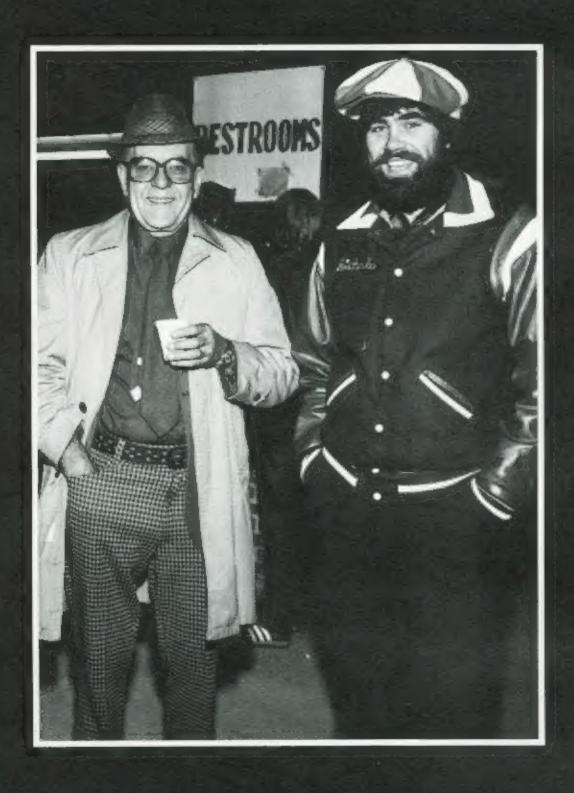

you must believe in order to survive?

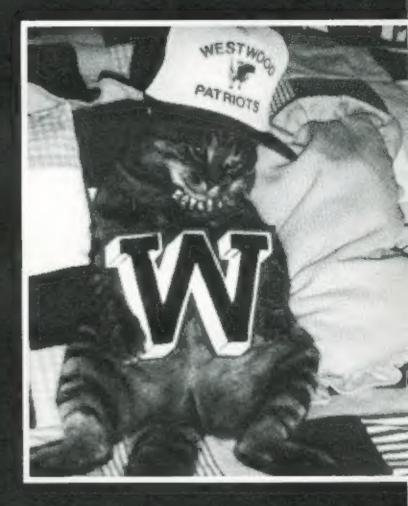

Have you discovered that kindness not only shows you care, but molds you

we have but we're still examine and still discovering Give us time, let our wings spread fully and enter lite full of self-confidence and the power to keep trying

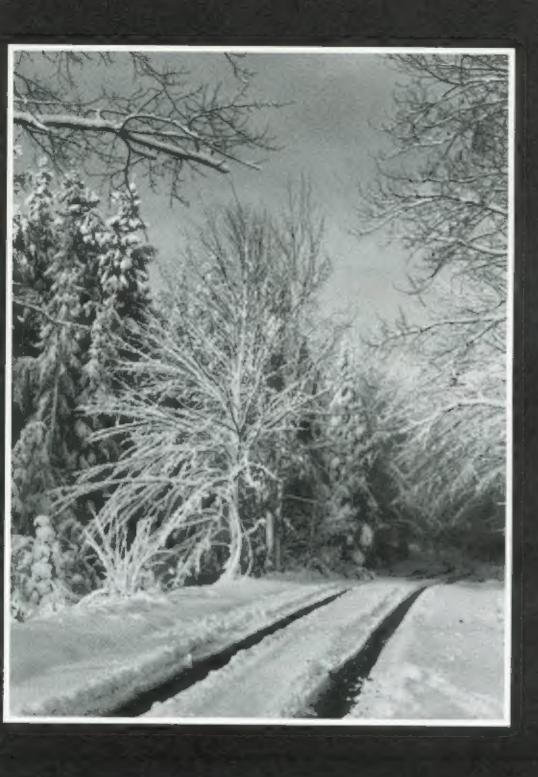

From the class of '80 we wish you luck in discovering: everything we have and more.

IN MEMORY OF JIM BARRY

MIMMERS

You gave so much to life, And for the time We shared with you, We must be satisfied

It is now a time of reckoning A time to realize That you lived a life Filled with happy moments

and you were happy

We must remember that
No man can be living forever,
And that it is not how much
Time you have had to live,
But how much you enjoyed your
time

and you did

That is all that matters

You being our friend, And sharing your life with us Is all We could have asked for

And we loved you so very much But for the time, We must be satisfied For you gave so much To the meaning of our lives

— Laura Kososki

This past year, the students at Westwood lost a close classmate and dear friend. During Jim Barry's years at school, he excelled in athletic sports of all kinds, as well as academics. He did a find job and added much to our knowledge and understanding of life.

As a senior, he was elected Homecoming King and honored for his fine performance

throughout the Varsity Football season

Varsity Coach Cappoferri says. Mimmers contributed a great deal to our foctball team. He was a great example of the willingness to play the game with a great deal of intensity and individual pride to do his job well."

um will be missed by everyone, and our memories of him will stay with us a ways.

GRADUATION NIGHT

VALEDICTORIAN ADDRESS Jeff Morton

The first thing my friends told me when they heard I had become valedictor an was. Congratulations. The second thing everyone said was, keep your speech short is what I'm going to do.

Liz has welcomed you to our commencement and I too want to thank you for coming But I am also here to say "Good bye" to this school to my tellow Seniors, to our teachers

and to all the people who have worked close , with usid amig these past years.

But what we are really as, ng good bue to a not the people, but to the way things have been during high school. For four years we have all been part of a close-knit group. We have shared many experiences both good and bad, and we have all grown from them. But after lonight each of us will be going his separate way. Westwood High School, which has become a second home for many of us, will never again be like it was during our final week of classes.

But all of us, whether we are going to college starting a job, or getting married will be beginning a new adventure. We will no longer be living under the security of our parents, our leachers, and this school. Our twelve years of schooling has been an excellent preparation for our future, but even though we pause to say good bye, we must continue growing and it in gour lives. Graduation is not only an occasion to pause and reflection our past, but more importantly, it is all me to look to the future and to set new goals.

What I've said tonight has been said a thousand times in a thousand different ways at a

housand commencements. But this is different for us tonight — because it is ours.

All the treasures of the kings and all the gold on earth could not begin to equal what our memories are worth

he laughter and the tears
he shadows of misty
esteryears,
he good times and the bad
ou've seen
and all the others in between
lemember,
lo you remember?
he times of your life

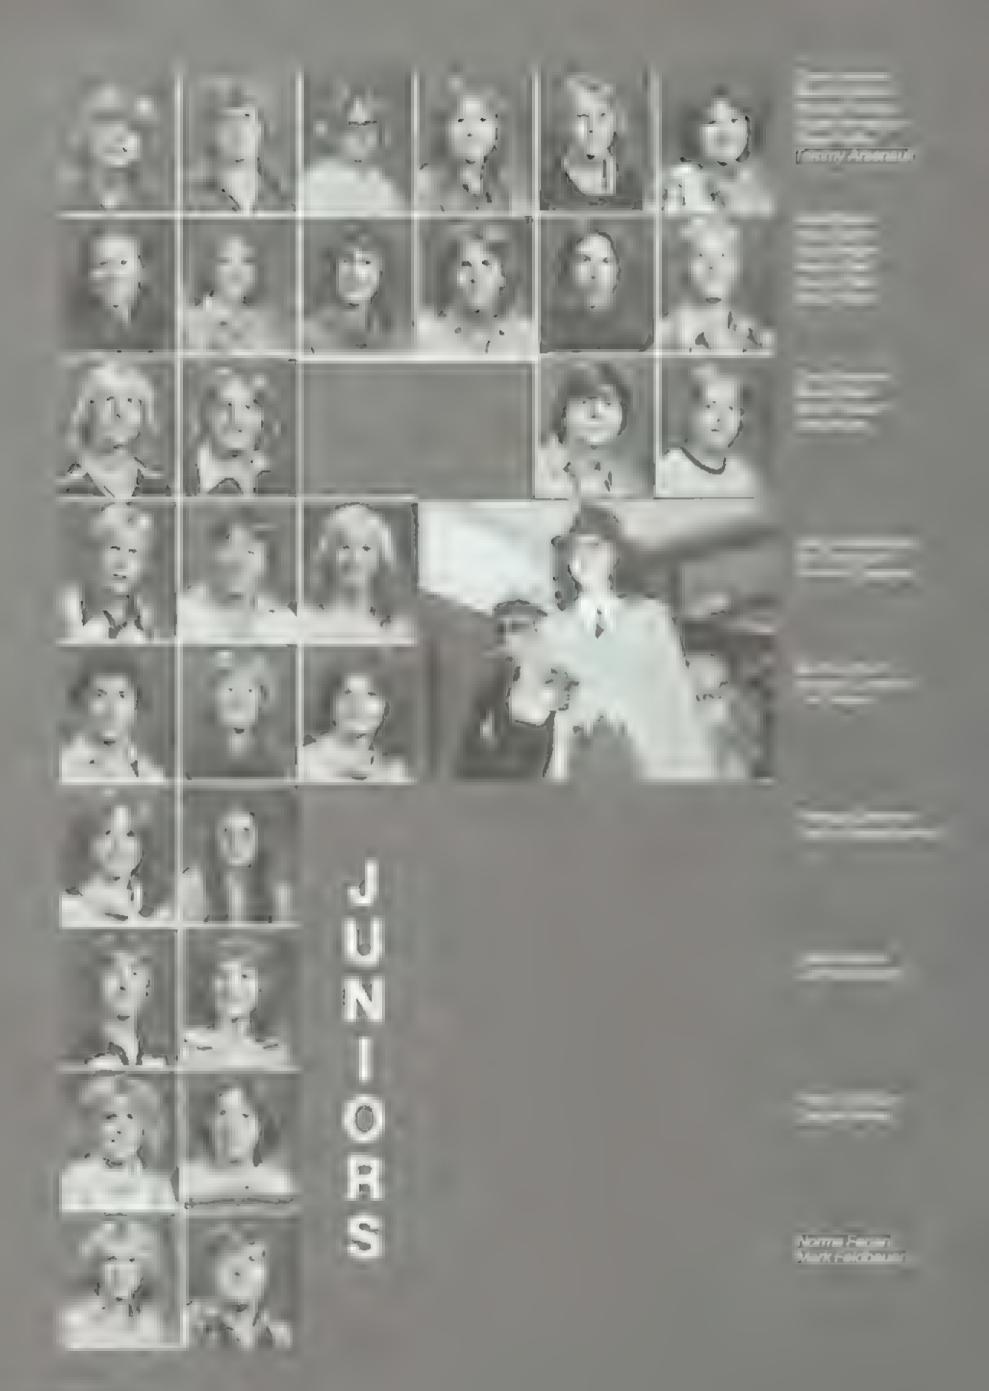

leach out for the joys and the orrow but them away in your mind or memories and times that we orrow o spend when we get to omorrow.

"THE MIRACLE WORKER"

Directed by Ron Delbello

SUMMARY

The Miracle Worker is the story of a young, blind, deaf, and mute girl who learns the use of language through her hands. The miracle occurs when Annie Sulivan tries to teach Helen Keller that she can speak with her hands and finally gets her to relate sign language with objects and people

Helen's family, when she was just a baby, bent over backwards to give her everything that she wanted. When Annie was brought in to try and help Helen, she made her do things for herself and not depend on anyone else

At the end of the play, after lots of effort and work, Helen finally learns that despite her handicaps she can communicate with others and live a happy life

According to Mr. Bergh: "The Chorus made 1980 a busy year for me and the school." The Christmas and Spring concerts went smoothly, and the group participated in the MSUA festival and achieved the highest rating our school has received in years in addition. Mr. Bergh hosted the Negaunee Mixed Chorus when they performed for the student body

VARSITY FOOTBALL 1979 By Becca Zhulkie

This year the Westwood Patriot Varsity Football Team had a disappointing season We talked to Mr. Cappoferri and this is what he said about his team: "We didn't have the success that we should have had, but that was not a reflection of the team's work. In our first game against Gwinn we made a lot of mistakes - but in our second game against L'anse, which was a victory, we played more consistent ball. The third game was very disappointing because we were ahead until the last minutes of the game and lost to Munising. In the middle of the season, we had many injuries which hurt us. At Norway we played consistent offense, and when we played Manistique we did not take advantage of our chances to score. In our last game against Negaunee we moved the ball on offense but did not capitalize on scoring — the weather condition was a factor also."

D. J. Harrington, a senior on the team, said that: "We worked hard, didn't win many games, had a lot of injuries, but did improve over the season." He spoke for all the players

Overall, the Varsity's record was one win, eight losses. Troy Ogea was the leading rusher with 129 carries for 468 yards. D. J. Harrington was the leader on defense with 118 solo tackles, 37 assists, and one blocked kick. Bill Jenkin had five interceptions

Next year Mr. Cappoferri is hoping to work with another group of hard working young men that will give as much of themselves as his team gave this year

The Westwood Junior Varsity Football team had a pretty good season, their last game ending in a field their final record was 4-4-1.

he said, 'Great, a big improvement since last year' He hopes the team will do even better next year.

When asked what they thought about Coach Zablocki they answered "He was good, and he iked I as long as we kept on winning." They also said that Coach Wyse was a big help to the team.

Coach Zablocki had this to say about his team, "They've come a long way. They've made a tremendous improvement since last year."

The Freshman Football Team finished the season with a 1-6-1 record. Despite this fact, Doach Eppert says: "We had many successes this year, starting with having 31 young men participating in the sport about 10 or more from last year. Our season's highlight came against Gwinn nearly beating them after losing the first game at the beginning of the year. We were the first Freshman team to win a game at Westwood and the boys hope to vastly improve their record next year."

When we asked Joe Johnson how the season went, he said, "Not too good, we could have won more games." He said he learned one major thing from Coach Eppert and that was discipline

CROSS COUNTRY by Lynn Johnson

This year's cross country teams did remarkably well considering their lack of experience and many injuries. Both the boys, and girls' leams overcame their injuries and achieved much more than

was expected of them.

The high ights of the boys' varsity was when they took 1st place in the Gwinn Invitational They also took 3rd in the U.P. Finals. This year's boys' varsity had the highest finish ever for a Westwood Cross Country Team. They also had an honorable mention in the State rankings.

The girls varsity had an exceptional season for their first year. They finished 6th in U.P. Finals.

Mr. Chinn was very pleased with this year's Cross Country Team. He said, "They are a great bunch of kids to be associated with They are hardworking coachable, and they have super attitudes. This was a very rewarding season for me.

GIRLS VARSITY BASKETBALL

GIRLS VARSITY BASKETBALL by Chris Nyquist

The 1979 Girls' Varsity Basketball team finished their season with a record of 7-11. At the District Tournament in Negaunee the Patriots defeated Munising 46-33. For the District Finals they faced Negaunee but lost by a score of 40-50.

Their record of 7-11 doesn't give justice to the type of ball the girls played. Many of their hard fought games were won and lost by only a few points. Such play gave them the reputation of never giving up — always

hustling to the final buzzer.

Coach Ghiardi commented about her team, "I feel that all the girls were dedicated from day 1 to improve, and we did. We were lucky to be graced with good attitudes that helped us through the rough times. This year, in girls' basketball, showed exactly what we are trying to do in sports at Westwood; the individual goes out and plays his or her best, plays with the team, and, last but not least, has fun."

Ae recently asked Miss Rizzard I the coach of the Girls J.V. Basketball Team, what her comments were on this year's basketball season. Here's what she said

"I feel this year's Girls JV Basketball Team should be called the Wonder Team Every game kept fans on the edge of their seats for an exciting two hours of basketbali. A though it is a very young team their spirit and enthusiasm compensate for their inexperience. They have never given up the fight and continue to show improvement in every game."

Sounds like a good report doesn't it? Let's keep up the good work girls, and do the same thing next year!

by Becca Zhulkie

This year's Patriot Wrestlers were young and inexperienced. Coach Zablocki had this to say about his team: "Overall, we had a pretty good season, considering the young team we had. Our performances will improve as the boys mature."

Highlights of the season were Brian Michell, with a conference championship, and second place in the U.P.'s; Pete LaPin, third in the conference; Chuck Holmes, third in the conference, and Randy Joki, fourth in the conference

The teams' record ended with four wins and eleven losses. Next year Coach Zablocki is working toward above a .500 average. Let's wish Coach Zablocki and his wrestlers good luck for next year.

This year's Junior Varsity may very well be one of the best Westwood High School has ever seen.

Although their record wasn't very impressive, Mr. Ghiardi said, "There were very few bad games this season. The games we lost were lost by only two or four points including Man stique Norway, and Munising "

Mr. Ghiardi commented on the fact that there are no tournaments for Junior Varsity teams. "I really wish there were tournaments because I feel confident that the team would do very well and concentrate on playing good ball as they have in the last few games."

Of the season, Mr. Ghiardi had this to say, "Every member of the team contributed to our success. I enjoyed working with all the guys and think it was a

rewarding experience for them, too."

THE CHEERLEADERS: 1979-1980 By Kathy Korpi

This year was a good year for the cheerleaders. They kept the fans spirited at all games, and worked hard all year on cheers, posters and other activities. They sold "Westwood" buttons to send varsity cheerleaders to cheerleading camp

This is what Ms. Hronkin, the cheerleading advisor, had to say about the cheerleaders "These young women have progressively improved since the beginning of the year. They are cooperative, enthusiastic and willing to put forth the extra effort for the benefit of all. With a bit more work, they have the potential of becoming the most gymnastically talented group of cheerleaders in the area. They constantly strive to become more sensational in their performance and set their goals to reach perfection."

In the beginning of the year Joann Dolkey reported that the Varsity squad was "doing pretty good so far and everything is going O.K. Ms. Hronkin helps out a lot and is doing a good job."

The Varsity team is comprised of Joann Dolkey, Karla Mattson, Sue Anderson, Patty Antilla, Alesia Joki and Sara Lahtela. The Junior Varsity team is comprised of Becca Zhulkie, Kathy Pesola, Kathy Barry, Julie Dix, Joleyn Moyle and Beth Rivers. The Freshman squad is comprised of Shelly Rivord, Diane Hamari, Carrie Kindstrand, Lisa Millimaki, Betsy Nault, and Sonia Niemi

BOOSTER CLUB

We wish to thank all the members of the Booster Club for the hard work and support they have contributed to our athletic program

The Athletic Boosters have worked hard at all athletic contests and at their concession stand, making them run more smoothly and enjoyable. Equipment, like dribbling glasses for the girls' basketball team were purchased, which otherwise couldn't have been bought on the athletic budget. They also give athletes a sports banquet in the fall, winter, and spring and award senior plaques

GOLF

This was the first year for a girls golf team at Westwood, and the girls surprised everyone with a second place showing in the conference. Although inexperienced, the boys placed eighth in the U.P.'s Mr. Hammar had this to say about the team. The season was a good one, with more improvement coming forth in future years."
